The application has been amended as follows:

In the claims:

Claim 3, line 2, "3" has been changed to --1--.

In view of applicant's remarks, it is clear that claim 3 was intended to be depended on claim 1.

3. The following is an examiner's statement of reasons for allowance: None of the cited prior art, singly or in combination, fairly teach or suggest a tool guiding device having an angle compensation element as claimed and a lateral compensation element as claimed in combination with other limitations set forth in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
